

# POLITEX

CUCIRINI RAMA

**POLITEX**

CONTINUOUS  
POLYESTER

It is a 100% high-tenacity twisted polyester sewing thread; thanks to its twist, shine, and stitch consistency, the seams appear to be of excellent quality, regular, and long-lasting. Its key features include tear resistance, abrasion resistance, heat resistance, low elongation, and excellent smoothness.

The semi-transparency of this thread ensures optimal compatibility with the fabric's color.

## Fields of application

POLITEX ET. 300	For all edging, overcasting, hemming, and blind stitching. Multi-needle quilting, fur sewing machines, two-thread invisible stitch, and security seams.
POLITEX PLUS ET. 180	Needle thread and crochet for fine stitching, fur sewing, and security seams.
