CUCIRINI RAMA

## BIO-N-TOP

100%  
ORGANIC  
COTTON  
GOTS  
CERTIFIED

It is a 100% Organic Cotton yarn with the GOTS certification. Organic farming, by nature, avoids the use of pesticides, making it challenging to cultivate and source high-quality organic cotton. To guarantee superior quality and performance, Rama has carefully selected the best raw material and created the BIO-N-TOP article, reaching the utmost level of quality achievable in organic cultivation. It is also available in color upon request, always under the GOTS certification.
